### **Silver Jubilee Message – President Rotary Wing Society of India**

Having commenced with few helicopter veterans in 1998 from a garage, 'Rotary Wing Society of India (RWSI)' has grown several folds and today represents most of the helicopter industry with over 1300 life members and 189 corporate members. It has been recognized as a major stake holder in the industry and has responsibly held the status of the nodal agency for all issues related to helicopters industry. We are also a member of IFHA, HAI and VAST and work together to implement the safety initiatives. As we have grown, we have also added the fast-emerging drone industry to our charter and have been working with several stake holders and the regulator to address the issues.

As we complete 25 years in the service of the industry, we take pride in the selfless voluntary service provided by our members to the industry in furtherance of safety and streamlining of the policies.

**First International Conference on Advanced Air Mobility Systems (ICAAMS)** has been planned to get the stake holders together who are at the cusp of transforming the Indian skies and change the way we think and commute. **This Conference is in Commemoration of our Silver Jubilee**, and we hope it will go a long way in giving a boost to our efforts to synergize the industry
